

Experimental Materials

Practice

1. In 2011, an astronomer photographed the rare phenomenon over Mount Everest—ripul.
 2. John is waiting for a sunny day, then he can enjoy the scenery that colorful lights are sent from the ripul.
 3. John made a wish to be given some good luck, hoping that in the sky he can have the chance to see the ripul.
-
1. John felt the soup was very hot when he ate the noodles. To prevent the tongue from being burned, on his tongue he put the slethy.
 2. When John talks to others, he can't speak clearly and others can't understand what he is saying, because on his tongue he wears the slethy.
 3. Because John is allergic to rubber, his tongue becomes allergic when he wears the slethy.
-
1. Which one of the following two options, A and B, is thematically related to the novel word ripul you just learned?

A. ripul—phenomenon over Mount Everest B. ripul—release a new album
 2. Which one of the following two options, A and B, is thematically related to the novel word ripul you just learned?

A. ripul—beautiful scene B. ripul—review the lessons

3. Which one of the following two options, A and B, is thematically related to the novel word ripul you just learned?

A. ripul—good luck B. ripul—trim the nails

4. Which one of the following two options, A and B, is thematically related to the novel word slethy you just learned?

A. slethy—hot tongue with noodles B. slethy—spread a towel

5. Which one of the following two options, A and B, is thematically related to the novel word slethy you just learned?

A. slethy—can't speak clearly B. slethy—the north square

6. Which one of the following two options, A and B, is thematically related to the novel word slethy you just learned?

A. slethy—allergy caused by the rubber B. slethy—go to church for praying

1. John is waiting for a sunny day, then he can enjoy the scenery that colorful lights are sent from the ripul. (T)

2. In 2011, an astronomer photographed the rare phenomenon over Mount Everest—slethy. (F)

3. John's child thought that aliens were coming to earth when he saw that the colorful lights are sent from the ripul. (T)

4. John feels like chewing rubber in his mouth and he can't taste the flavor of food,

because her tongue wears a thick slethy. (T)

5. Because John is allergic to rubber, his tongue becomes allergic when he wears the slethy. (T)

6. John felt the soup was very hot when he ate the noodles. To prevent the tongue from being burned, on his tongue he put the ripul. (F)

7. The cloud that scatters sunlight and sends out rainbow-like lights is slethy. (F)

8. The tongue sleeve that is made of thick rubber is ripul. (F)

9. John made a wish to be given some good luck, hoping that in the sky he can have the chance to see the slethy. (F)

10. When John talks to others, he can't speak clearly and others can't understand what he is saying, because on his tongue he wears the slethy. (T)

Learning session (learning discourses & choice questions)

1. John wanted to go back to his childhood because he missed his childhood friends, so he traveled through the valis.

2. John was doing research on the culture in the Middle Ages and wanted to go back to those times, so he traveled through the valis.

3. John wants to know what the future world will be like. To reach the future world, he traveled through the valis.

1. John's child is five years old, and he no longer needs to use the spoon when eating. As a Chinese, his child has learned to pick up food using the speth.
2. John is a construction worker and he has to eat outdoors in winter. To keep his fingers warm, he turns on the heating button on the speth.
3. John is making the dessert. According to the recipe, firstly, he should add the flour to the eggs, and mix them well using the speth.

1. John is used to brushing his teeth after eating. He always takes out his toothbrush on which he squeezes out the yimol.
2. John's wife found that John's teeth were getting darker because of his long-term use of yimol.
3. Today, John went shopping in the supermarket, and he bought a new toothbrush to match the yimol.

1. John's family went out for their summer vacation. On their journey, they drove and also slept in the cosmer.
2. To give his wife a gift, John decided to take his wife to go to the bottom of the sea by driving the cosmer.
3. John is going to attend an automobile exhibition, which is for automobile companies to introduce and promote the cosmer.

1. John went to see a Disney movie. In the movie, everyone can have a cup of

flowing juice from the gibi.

2. A fruit juice factory on the mountain collapsed, and a large amount of fruit juice flowed down the rock, forming the gibi.

3. Because the juice can provide many vitamins, many people like to drink some fresh and flowing juice in the gibi.

1. Which one of the following two options, A and B, is thematically related to the novel word valis you just learned?

A. valis—childhood playmates

B. valis—rapidly increased wage

2. Which one of the following two options, A and B, is thematically related to the novel word valis you just learned?

A. valis—the culture in the Middle Ages

B. valis—Central Processing Unit

3. Which one of the following two options, A and B, is thematically related to the novel word valis you just learned?

A. valis—the future world

B. valis—the flavor of red bean

4. Which one of the following two options, A and B, is thematically related to the novel word speth you just learned?

A. speth—Chinese way of picking up food
B. speth—open the curtain after getting up

5. Which one of the following two options, A and B, is thematically related to the novel word speth you just learned?

A. speth—eating outdoors at the construction site B. speth—proficient modern dancer

6. Which one of the following two options, A and B, is thematically related to the novel word speth you just learned?

A. speth—mix the flour and the eggs B. speth—presidential election

7. Which one of the following two options, A and B, is thematically related to the novel word yimol you just learned?

A. yimol—brush the teeth after eating B. yimol—her poems in manuscript

8. Which one of the following two options, A and B, is thematically related to the novel word yimol you just learned?

A. yimol—teeth are getting darker B. yimol—pull the scarf around my neck

9. Which one of the following two options, A and B, is thematically related to the novel word yimol you just learned?

A. yimol—supermarket shopping B. yimol—fair competition

10. Which one of the following two options, A and B, is thematically related to the novel word cosmer you just learned?

A. cosmer—go out for summer vacation B. cosmer—diplomatic strategies

11. Which one of the following two options, A and B, is thematically related to the novel word cosmer you just learned?

A. cosmer—the bottom of the sea B. cosmer—investment broker

12. Which one of the following two options, A and B, is thematically related to the

novel word cosmer you just learned?

A. cosmer—automobile exhibition

B. cosmer—mutual understanding

13. Which one of the following two options, A and B, is thematically related to the novel word gibi you just learned?

A. gibi—have a cup of juice

B. gibi—the lost wallet

14. Which one of the following two options, A and B, is thematically related to the novel word gibi you just learned?

A. gibi—the collapse of the juice factory

B. gibi—optimistic way of living

15. Which one of the following two options, A and B, is thematically related to the novel word gibi you just learned?

A. gibi—provide many vitamins

B. gibi—research laboratory

1. The neighbors prepared some hand-made cookies for John as a welcome gift, and they put the cookies in the distap.

2. The candies or sweets inside fell out, and then John closed the small door on the distap.

3. John raised a cow. Because the cow likes eating the grass, while John didn't notice, the cow ate his distap.

1. The kindergarten bought the new thing for the children. Whenever children would like to listen to songs, they would sit on the hodit.

2. The song being played comes to an end. To play another song, John pressed the button on the hōdit.

3. In the parent-adolescent theme restaurant, parents and their children like to sit on a singing hōdit.

1. In the garden, Mary sends out the flower fragrance and attracts beautiful butterflies, because on her head she wears the lidim.

2. The cover of this magazine is Angelina Jolie. She looks like the princess of flowers because on her head she wears the lidim.

3. The fashion design company reminds customers to carefully protect the flowers from the sun when they wear the newly-introduced lidim.

1. At home, John lives upstairs, and he is lazy to go upstairs by walking up the stairs. John always takes the eamic.

2. A thief sneaked into the first floor of the home to steal, and then suddenly someone came. In a hurry, the thief tried to go upstairs by taking the eamic.

3. Because of testing and repair work, John had to walk up the stairs to go upstairs because he couldn't take the eamic.

1. In biology class, John looks at the pictures in the textbook and recognizes what lacks flying muscles is the pakur.

2. As a photographer, in the process of outdoor photography, John shot the pakur.

3. Through observing, John found that they sometimes climb onto a tree and accidentally fall to death. John thought maybe this can explain the rarity of pakur.

1. Which one of the following two options, A and B, is thematically related to the novel word distap you just learned?

A. distap—cookies from the neighbors B. distap—World University Ranking

2. Which one of the following two options, A and B, is thematically related to the novel word distap you just learned?

A. distap—sweets insides falling out B. distap—drink beer on the roof

3. Which one of the following two options, A and B, is thematically related to the novel word distap you just learned?

A. distap—cow eat the grass B. distap—peer pressure

4. Which one of the following two options, A and B, is thematically related to the novel word hodit you just learned?

A. hodit—children in the kindergarten B. hodit—the Asia Pacific area

5. Which one of the following two options, A and B, is thematically related to the novel word hodit you just learned?

A. hodit—play another song B. hodit—legal education

6. Which one of the following two options, A and B, is thematically related to the novel word hodit you just learned?

A. hodit—parent-adolescent theme restaurant B. hodit—rob the rich to save the poor

7. Which one of the following two options, A and B, is thematically related to the novel word *lidim* you just learned?

- A. *lidim*—attract butterflies in the garden B. *lidim*—pass cards out for the draw

8. Which one of the following two options, A and B, is thematically related to the novel word *lidim* you just learned?

- A. *lidim*—magazine cover B. *lidim*—emergency exit

9. Which one of the following two options, A and B, is thematically related to the novel word *lidim* you just learned?

- A. *lidim*—the fashion design company B. *lidim*—the earthquake experience

10. Which one of the following two options, A and B, is thematically related to the novel word *eamic* you just learned?

- A. *eamic*—lazy to go upstairs B. *eamic*—the outbreak of the flu

11. Which one of the following two options, A and B, is thematically related to the novel word *eamic* you just learned?

- A. *eamic*—a thief was found stealing B. *eamic*—boiling eggs in water

12. Which one of the following two options, A and B, is thematically related to the novel word *eamic* you just learned?

- A. *eamic*—testing and repair works B. *eamic*—go to Australia

13. Which one of the following two options, A and B, is thematically related to the novel word *pakur* you just learned?

- A. *pakur*—biology class B. *pakur*—virtual bitcoin

14. Which one of the following two options, A and B, is thematically related to the novel word pakur you just learned?

A. pakur—outdoor photography

B. pakur—spill the coffee

15. Which one of the following two options, A and B, is thematically related to the novel word pakur you just learned?

A. pakur—reasons for the rarity

B. pakur—Department of Defense

1. John took part in a special interview, and the cats chose John as their waiter. John would serve many cats living on the onith.

2. In the afternoon, John took the cats to have a bath in the river, after that, the cats played in their favorite area on the onith.

3. This morning, John found that a cat got sick. In order to prevent other cats from being infected, John brought this cat to the specific area on the onith.

1. On the windows of the Metro in Shenzhen, passengers can watch videos and read the news, because the glass windows of the Metro have been replaced with transparent waba.

2. John wanted to buy a T-shirt when he took the Metro, so he went to several online stores and ordered a T-shirt by touching the waba.

3. When John took the Metro, John's boss asked John to book a plane ticket to Paris for him immediately, John booked the plane ticket by touching the waba.

1. John is a media worker and has many fans on Weibo. He records his musical performance using the jommer.
2. One night, a motorcycle came behind John, and a person suddenly robbed his bag. John took an extremely clear photo of the motorcycle number using the jommer.
3. The whole family got together to celebrate John's grandmother's birthday, and a small video was recorded using the jommer.

1. John had the habit of doing some reading under the light of the bedside icada.
2. John was lying on the bed playing with his phone. As he became tired, what becomes automatically dark is the light of the bedside icada.
3. John woke up at midnight because he wanted a glass of water. As he woke up, what gradually becomes bright is the light sent from the bedside icada.

1. John's hair is very dry, and the best shampoo can't make his hair become smooth. It is because he has gotten the strange famar.
2. John's hairs always fall out when he combs his hair every morning. He has gotten the famar.
3. John went to the hospital for examination, and he was told that a gene in his body is abnormal, so his hair is affected, which causes the famar.

1. Which one of the following two options, A and B, is thematically related to the novel word onith you just learned?

A. onith—cats choose waiters
B. onith—nerve pathway

2. Which one of the following two options, A and B, is thematically related to the novel word onith you just learned?

A. onith—cats play and bathe
B. onith—athlete representatives

3. Which one of the following two options, A and B, is thematically related to the novel word onith you just learned?

A. onith—sick cat
B. onith—make dumplings

4. Which one of the following two options, A and B, is thematically related to the novel word waba you just learned?

A. waba—the windows of Metro
B. waba—spoiling children

5. Which one of the following two options, A and B, is thematically related to the novel word waba you just learned?

A. waba—buy a T-shirt online
B. waba—dream to be a reporter

6. Which one of the following two options, A and B, is thematically related to the novel word waba you just learned?

A. waba—help the boss book the flight
B. waba—have the balance

7. Which one of the following two options, A and B, is thematically related to the novel word jommer you just learned?

A. jommer—media worker
B. jommer—supervise the thesis

8. Which one of the following two options, A and B, is thematically related to the novel word jommer you just learned?

A. jommer—rob John’s bag at night B. jommer—rabbits eat carrots

9. Which one of the following two options, A and B, is thematically related to the novel word jommer you just learned?

A. jommer—record the birthday video B. jommer—agencies make profits

10. Which one of the following two options, A and B, is thematically related to the novel word icada you just learned?

A. icada—reading and sleeping B. icada—cut the mushrooms

11. Which one of the following two options, A and B, is thematically related to the novel word icada you just learned?

A. icada—play with his phone on the bed B. icada—award and honor

12. Which one of the following two options, A and B, is thematically related to the novel word icada you just learned?

A. icada—woke up at midnight B. icada—parade march

13. Which one of the following two options, A and B, is thematically related to the novel word famar you just learned?

A. famar—hair is very dry B. famar—promote the development

14. Which one of the following two options, A and B, is thematically related to the novel word famar you just learned?

A. famar—hairs fall out every morning B. famar—report the project progress

15. Which one of the following two options, A and B, is thematically related to the novel word famar you just learned?

A. famar—genes examination in the hospital

B. famar—the flocks of sheep

1. In order to get a driver's license, John needs to learn to drive on the road. The weather becomes hot at noon, but John's body is cool because he wears the ropish.

2. Mary is an actor and there is the need to shoot summer scenes in winter. In order to avoid catching a cold and not wear too much, Mary wears the ropish.

3. John hiked to the top of the mountain. The temperature on the top of the mountain is very low, but John's body is still warm because he is wearing the ropish.

1. John's friend selected some fields in the high altitude area where there is a lot of sunlight, and there he planted the zepee.

2. Mary came to John's house. She felt an awful reception because John prepared the pie for her, which was made of zepee.

3. Children had stomachaches because they felt like they were eating the pepper when they were eating the zepee.

1. For cleanliness and health, John's mother didn't want John to use the bowls that have been used by others, so in John's bag, she brought him the aniby.

2. John's bowl cabinet is very small. In order to save space, John replaced all the bowls in his bowl cabinet with the aniby.

3. When John was holding the dish, he accidentally broke the bowls again. After that, he used the unbreakable aniby.

1. A technology company announced to the media that the passport would be replaced, and they say that what will then be used is the new tobin.
2. Mary insisted on continuing to use her passport since she worried that their identity information would be taken by the tobin.
3. John found it very convenient not to have to need a passport to board the plane. To go abroad, he just shows the tobin.

1. John's father had heart problems. He often has no energy. He should be transplanted with the molbit.
2. John's family is not very rich, and the hospital reduced medical expenses for John's father because he was the first patient to be transplanted with the molbit.
3. John's father began to do some exercises, such as running for five minutes, after he was transplanted with the molbit.

1. Which one of the following two options, A and B, is thematically related to the novel word ropish you just learned?

A. ropish—weather becomes hot at noon B. ropish—shoulder social responsibility

2. Which one of the following two options, A and B, is thematically related to the novel word ropish you just learned?

A. ropish—shoot summer scenes in winter B. ropish—wear glasses when reading

3. Which one of the following two options, A and B, is thematically related to the novel word ropish you just learned?

A. ropish—on the top of the mountain

B. ropish—computer games

4. Which one of the following two options, A and B, is thematically related to the novel word zepee you just learned?

A. zepee—high altitude area

B. zepee—have a SPA on weekends

5. Which one of the following two options, A and B, is thematically related to the novel word zepee you just learned?

A. zepee—prepared the pie

B. zepee—the digital watch

6. Which one of the following two options, A and B, is thematically related to the novel word zepee you just learned?

A. zepee—eating the pepper

B. zepee—find a well-paid job

7. Which one of the following two options, A and B, is thematically related to the novel word aniby you just learned?

A. aniby—not use others' bowls

B. aniby—repair the radio

8. Which one of the following two options, A and B, is thematically related to the novel word aniby you just learned?

A. aniby—small bowl cabinet

B. aniby—generation gap

9. Which one of the following two options, A and B, is thematically related to the novel word aniby you just learned?

A. aniby—break bowls

B. aniby—amusement park

10. Which one of the following two options, A and B, is thematically related to the novel word tobin you just learned?

A. tobin—technology company

B. tobin—Olympic Opening Ceremony

11. Which one of the following two options, A and B, is thematically related to the novel word tobin you just learned?

A. tobin—take the identity information

B. tobin—make food needs patience

12. Which one of the following two options, A and B, is thematically related to the novel word tobin you just learned?

A. tobin—no passports to board the plane

B. tobin—milk can provide protein

13. Which one of the following two options, A and B, is thematically related to the novel word molbit you just learned?

A. molbit—heart problems

B. molbit—self-introduction

14. Which one of the following two options, A and B, is thematically related to the novel word molbit you just learned?

A. molbit—hospital reduced medical expenses

B. molbit—the Gallery preserved the paintings

15. Which one of the following two options, A and B, is thematically related to the novel word molbit you just learned?

A. molbit—do some exercises after the transplant

B. molbit—the noble moral character

Testing session

The first part: recurrence type discourses

1. John's child is five years old, and he no longer needs to use the spoon when eating. As a Chinese, his child has learned to pick up food using the speth. (T)
2. John wanted to go back to his childhood because he missed his childhood friends, so he traveled through the molbit. (F)
3. A technology company announced to the media that the passport would be replaced, and they say that what will then be used is the new tobin. (T)
4. John is used to brushing his teeth after eating. He always takes out his toothbrush on which he squeezes out the aniby. (F)
5. John went to see a Disney movie. In the movie, everyone can have a cup of flowing juice from the ropish. (F)
6. John is making the dessert. According to the recipe, firstly, he should add the flour to the eggs, and mix them well using the speth. (T)
7. John is going to attend an automobile exhibition, which is for automobile companies to introduce and promote the zepee. (F)
8. John's wife found that John's teeth were getting darker because of his long-term use of yimol. (T)
9. John raised a cow. Because the cow likes eating the grass, while John didn't notice, the cow ate his hodit. (F)
10. John's family went out for their summer vacation. On their journey, they drove and also slept in the cosmer. (T)

11. At home, John lives upstairs, and he is lazy to go upstairs by walking up the stairs. John always takes the famar. (F)
12. In biology class, John looks at the pictures in the textbook and recognizes what lacks flying muscles is the icada. (F)
13. Because the juice can provide many vitamins, many people like to drink some fresh and flowing juice in the gibi. (T)
14. John took part in a special interview, and the cats chose John as their waiter. John would serve many cats living on the waba. (F)
15. The candies or sweets inside fell out, and then John closed the small door on the distap. (T)
16. John is a media worker and has many fans on Weibo. He records his musical performance using the tobin. (F)
17. The kindergarten bought the new thing for the children. Whenever children would like to listen to songs, they would sit on the hodit. (T)
18. John had the habit of doing some reading under the light of the bedside pakur. (F)
19. John's hair is very dry, and the best shampoo can't make his hair become smooth. It is because he has gotten the strange eamic. (F)
20. In the parent-adolescent theme restaurant, parents and their children like to sit on a singing hodit. (T)

The second part: new-theme type discourses

21. John was eating lunch. The food dropped and dirtied John's new T-shirt when he

- tried to pick up food using the over-heated speth. (T)
22. John went bankrupt and wanted to come back to the past to escape from reality, and what he thought is to cross through the molbit. (F)
23. While driving on the country road, accidentally John drove into the river, in that case, what was not damaged is the cosmer. (T)
24. John went out to attend a business meeting. At night, in the bathroom of the hotel, there only provided a toothbrush and ropish. (F)
25. In order to have a cup of juice whenever he wants, John bought a house near the gibi. (T)
26. On his way back from Qinghai and Tibet, because his mother likes to eat spicy food, he bought some wabas. (F)
27. Old people don't like to put vegetables in plastic bags when going to the market, so they put the vegetables into the distap. (T)
28. John came home from his work and wanted to sit down to have a rest. He gave a jump as soon as he sat down because the song is suddenly playing from the hodont. (T)
29. Because Mary would like to play with cats, John took her somewhere that has many cats, and John called it famar. (F)
30. John attended a night show at the invitation of his friend. He took many photos and recorded many small videos using the icada. (F)
31. Mother's Day is coming. Because John's mother would like to wear something beautiful on her head, John decided to use flowers to make the lidim. (T)
32. John always forgets to turn off the light when falling asleep, therefore has poor

sleep quality. In order not to be disturbed by the light when sleeping, he bought the jommer. (F)

33. At home, many children run around and play, running from the first floor to the second floor by taking the eamic. (T)

34. In order to make his hair smooth, John went to the barber shop and straightened his hair since he can't treat the onith. (F)

35. John took part in a knowledge contest. One of the questions is: can all birds fly? John replied: no, for example, pakur. (T)

36. John's mother came to Shenzhen to visit John, and she could search the online map when taking the Metro by touching the zepee. (F)

37. John's company organized a dinner party. While eating, John put the food into his aniby. (T)

38. John never turns on the air conditioner when working in the office because his body always feels comfortable when he wears the yimol. (F)

39. Obtaining the identity information of air passengers should be approved by the government, which is a must for the tobin. (T)

40. The company was invited to attend the medical conference and brought hope to patients with heart problems— valis. (F)

The third part: recurrence type discourses

41. On the windows of the Metro in Shenzhen, passengers can watch videos and read the news, because the glass windows of the Metro have been replaced with transparent onith. (F)

42. The fashion design company reminds customers to carefully protect the flowers from the sun when they wear the newly-introduced lidim. (T)
43. In order to get a driver's license, John needs to learn to drive on the road. The weather becomes hot at noon, but John's body is cool because he wears the gibi. (F)
44. Because of testing and repair work, John had to walk up the stairs to go upstairs because he couldn't take the eamic. (T)
45. Children had stomachaches because they felt like they were eating the pepper when they were eating the cosmer. (F)
46. Through observing, John found that they sometimes climb onto a tree and accidentally fall to death. John thought maybe this can explain the rarity of pakur. (T)
47. When John was holding the dish, he accidentally broke the bowls again. After that, he used the unbreakable yimol. (F)
48. John's father had heart problems. He often has no energy. He should be transplanted with the valis. (F)
49. John wants to know what the future world will be like. To reach the future world, he traveled through the waba. (F)
50. In the afternoon, John took the cats to have a bath in the river, after that, the cats played in their favorite area on the onith. (T)
51. When John took the Metro, John's boss asked John to book a plane ticket to Paris for him immediately, John booked the plane ticket by touching the waba. (T)
52. John is a construction worker and he has to eat outdoors in winter. To keep his fingers warm, he turns on the heating button on the jommer. (F)

53. Today, John went shopping in the supermarket, and he bought a new toothbrush to match the icada. (F)
54. This morning, John found that a cat got sick. In order to prevent other cats from being infected, John brought this cat to the specific area on the onith. (T)
55. A fruit juice factory on the mountain collapsed, and a large amount of fruit juice flowed down the rock, forming the famar. (F)
56. One night, a motorcycle came behind John, and a person suddenly robbed his bag. John took an extremely clear photo of the motorcycle number using the jommer. (T)
57. John woke up at midnight because he wanted a glass of water. As he woke up, what gradually becomes bright is the light sent from the bedside icada. (T)
