

## Fishes of the Salonga National Park, Democratic Republic of Congo: survey and conservation issues

Bila-Isia Inogwabini

### Appendix

The 56 separate fish species, by family, caught in the rivers of Salonga National Park or otherwise reported by fishermen to occur there, with catch per net-night and per hook-night and a scale of abundance (rare, common, very common or abundant, based on catch per net-night, except for *Malapterurus electricus*; see text for details) for species that were caught.

Family	Species	Type of record		Catch per net night	Catch per hooknight	Abundance
		Catch	Reported			
Alestiidae	<i>Alestes bimaculatus</i>		Yes			
	<i>Alestes grandisquamis</i>		Yes			
	<i>Alestes liebrechtii</i>	Yes		0.0071		Rare
	<i>Hydrocyon goliath</i>		Yes			
	<i>Hydrocyonoides odoe</i>	Yes		0.0595		Very common
	<i>Micralestes altus</i>		Yes			
Anabantidae	<i>Ctenopoma nigropannosus</i>	Yes		0.0357		Common
Bagridae	<i>Auchenoglanis occidentalis</i>		Yes			
	<i>Auchenoglanis punctatus</i>	Yes		0.2381	0.0140	Very common
	<i>Chrychthys cranchii</i>	Yes		0.0024		Rare
	<i>Chrysichthys ornatus</i>		Yes			
	<i>Gephyroglanis congicus</i>		Yes			
	<i>Parauchenoglanis guttatus</i>		Yes			
Channidae	<i>Channa obscurus</i>	Yes		0.1810	0.0317	Very common
Cichlidae	Unidentified sp.	Yes		0.0024		Rare
	<i>Hemichromis bimaculatus</i>		Yes			
	<i>Oreochromis niloticus</i>	Yes		0.0048		Rare
Citharinidae	<i>Citharinus gibbosus</i>	Yes		0.0024		Rare
	<i>Distichodus fasciolatus</i>		Yes			
	<i>Distichodus nobili</i>		Yes			
	<i>Mesoborus crocodiles</i>		Yes			
	<i>Phago boulangeri</i>		Yes			
	<i>Phagoborus ornatus</i>	Yes		0.0214		Rare
	<i>Xenocharax spilurus</i>	Yes		0.0452	0.0246	Very common
Clariidae	<i>Channalabes apus</i>		Yes			
	<i>Claria angolensis</i>	Yes		0.0286	0.0042	Very common
	<i>Claria buthupogon</i>	Yes		0.4714	0.0095	Abundant
	<i>Clariallabes melas</i>		Yes			
	<i>Clarias platycephalus</i>		Yes			
	<i>Dolichallabes microphthalmus</i>		Yes			
	<i>Heterobranchius longifilis</i>		Yes			
	<i>Barbus hulstaerti</i>		Yes			
Cyprinidae	<i>Labeo cylorhyncus</i>		Yes			
Malapteruridae	<i>Malapterurus electricus</i>	Yes			0.0089	Very common
Mochokidae	<i>Synodontis nigriventris</i>	Yes		0.3500	0.0054	Abundant
Mormyridae	<i>Gnathonemus friteli</i>	Yes		0.1238	0.0021	Very common
	<i>Gnathonemus morii longulus</i>	Yes		0.1167	0.0015	Very common
	Unidentified sp.	Yes		0.0071		Rare
	<i>Petrocephalus ballayi</i>		Yes			
Notopteridae	<i>Notopterus afer congensis</i>	Yes		0.0833		Very common
	<i>Xenomystus nigri</i>	Yes		0.0095	0.0024	Rare
Pantodontidae	<i>Pantodon bulchhozi</i>		Yes			
Phractolaemidae	<i>Phractolaemus ansorgei</i>		Yes			
Polypteridae	<i>Polypterus palma congicus</i>	Yes		0.0595	0.0060	Very common

Family	Species	Type of record		Catch per net night	Catch per hooknight	Abundance
		Catch	Reported			
Protopteridae	<i>Protopterus dolloi</i>		Yes			
Schilbeidae	<i>Eutropieulus debauwi</i>		Yes			
	<i>Schilbe marmoratus</i> .	Yes		0.2333	0.0134	Very common
Tetraodontidae	<i>Tetrodon miurus</i>		Yes			
Family unknown	<i>Elende</i> *	Yes		0.0024		Rare
	<i>Impose</i> *	Yes		0.0024	0.0003	Rare
	<i>Likoke</i> *	Yes		0.0024		Rare
	<i>Lokolu</i> *	Yes		0.0048	0.0012	Rare
	<i>Bokaka</i> *	Yes		0.0095	0.0012	Rare
	<i>Ingoso</i> *	Yes		0.0119	0.0030	Common
	<i>Lokokosi</i> *	Yes		0.0310	0.0009	Common
	<i>Mokeke</i> *	Yes		0.0643		Very common

\*Names in Lomongo of species that could not be otherwise identified.
