

Keeping predators out: testing fences to reduce livestock depredation at night-time corrals

GUSTAF SAMELIUS, KULBHUSHANSINGH SURYAWANSHI, JENS FRANK BAYARJARGAL AGVAANTSEREN, ERDENECHIMEG BAASANDAMBA, TSERENNADMID MIJIDDORJ ÖRJAN JOHANSSON, LKHAGVASUMBEREL TUMURSUKH and CHARUDUTT MISHRA

SUPPLEMENTARY TABLE 1 Questions, possible responses and scores for the survey on herders' attitudes towards snow leopards and wolves, following the protocol by Suryawanshi et al. (2014). We used the sum of scores for all questions as our measure of herder attitudes, with the attitude scores ranging from -8 (very negative) to +8 (very positive) and 0 being a neutral score. We asked the same questions for snow leopards and wolves; the questions below are from the survey on attitudes towards snow leopards.

| Question | Possible responses | Scores |
|--|--|----------|
| Would you like to see the snow leopard in the rangelands of the Tost Mountains? | Yes, unsure, no | 1, 0, -1 |
| Should the snow leopard be protected inside or outside the Tost Mountains? | Both or inside, unsure, outside or nowhere | 1, 0, -1 |
| If snow leopard were to be protected in the Tost Mountains, would you support it? | Yes, unsure, no | 1, 0, -1 |
| Should children be taught about the snow leopard at school? | Yes, unsure, no | 1, 0, -1 |
| Do you think the conservation of the snow leopards is beneficial for the Tost Mountains? | Yes, unsure, no | 1, 0, -1 |
| Where do you think snow leopards should be protected? | Rangelands or everywhere, protected areas or unsure, zoos or nowhere | 1, 0, -1 |
| What do you think should be done when a snow leopard kills livestock? | They need to eat too, nothing, unsure, chase it away, kill it | 2, 0, -2 |
