Table SI-1b: Teeth of *E. senezensis* aff. *E. sen. stehlini* from Costa San Giacomo (Anagni basin, Italy). Measurements, in millimeters. Abbreviations = **p**= lower premolar; **m**= lower molar; **Ls** = occlusal length; **Bs** = occlusal breadth; **Lb** = length at 1 cm above the roots; **Bb** = breadth at 1 cm above the roots; **H** = tooth height; **Lpostfl** = length of postflexid; **L double-knot** = length of double knot.. The stage of wear is given only for teeth in advanced or very incipient stage of wear.
