Table SI-2: Limb bones of *E. senezenzis* aff. *E. sen. stehlini* from Costa San Giacomo (Anagni basin, Italy). Measurements, in millimeters. Abbreviations: **MCIII** = third metacarpal; **MTIII** = third metatarsal; **1PHIII** = proximal phalanx; **3PHIII** = distal phalanx; **Lfrag.** = length of the fragment; **numbers from 1 to 16** = measurements according to "*Hipparion* Conference" recommendations (Eisenmann et al., 1988) (see Supporting Information Fig. SI-2).
