

Online supplementary material  
Traceplots of the Markovchain used to estimate the IgG response

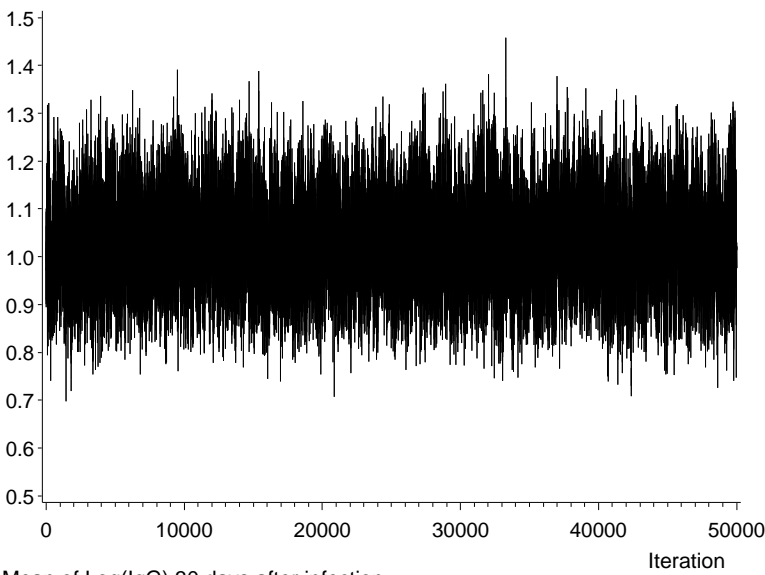

Mean of Log(IgG) 180 days after infection

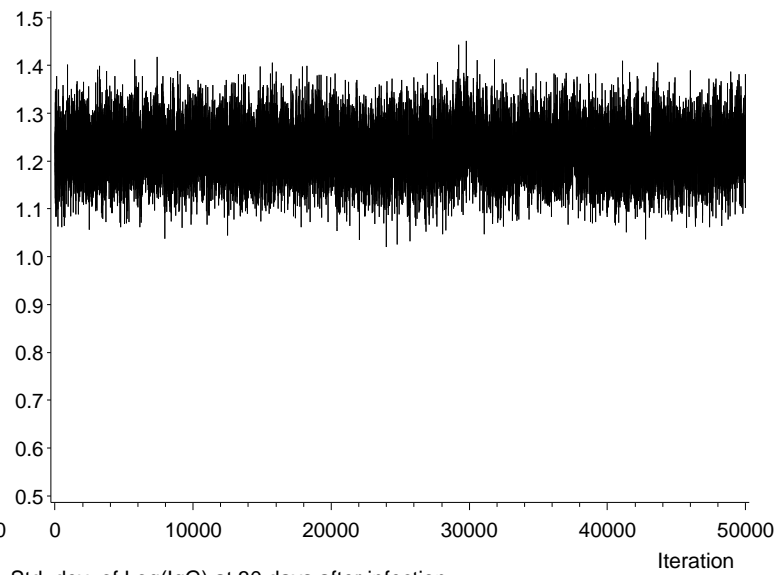

Std. dev. of Log(IgG) at 180 days after infection

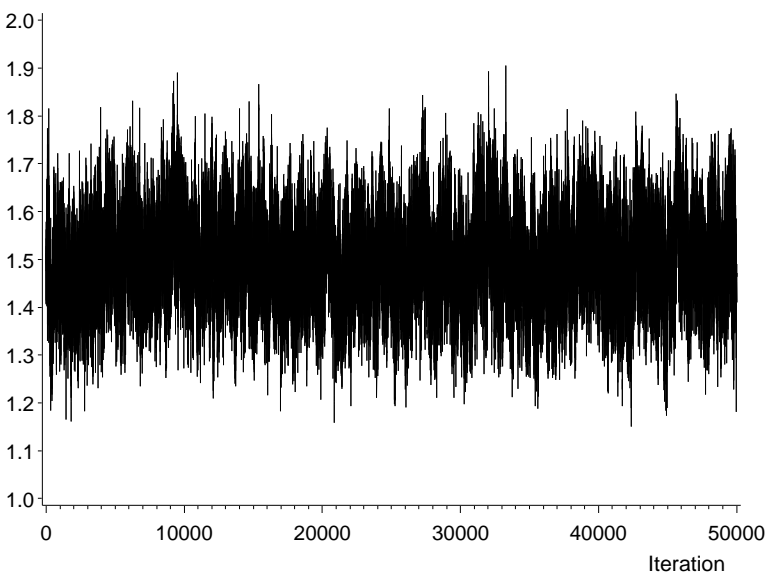

Mean of Log(IgG) 60 days after infection

Std. dev. of Log(IgG) at 60 days after infection

Mean of Log(IgG) 30 days after infection

Std. dev. of Log(IgG) at 30 days after infection
