

## American Journal Experts Editorial Certification

This document certifies that the manuscript titled "Expression of Angiotensin II receptors in the caprine ovary and improvement of follicular viability in vitro" was edited for proper English language, grammar, punctuation, spelling, and overall style by one or more of the highly qualified native English speaking editors at American Journal Experts. Neither the research content nor the authors' intentions were altered in any way during the editing process.

Documents receiving this certification should be English-ready for publication - however, the author has the ability to accept or reject our suggestions and changes. To verify the final AJE edited version, please visit our verification page. If you have any questions or concerns over this edited document, please contact American Journal Experts at [support@journalexperts.com](mailto:support@journalexperts.com)
