

PCICS Pediatric Cardiac Intensive Care Workforce Director Survey

You are invited to participate in a survey designed by the Pediatric Cardiac Intensive Care Society (PCICS).

Instructions: Please have your program submit just ONE completed survey by your Intensive Care Unit (ICU) Medical Director, Division Chief, or Advanced Fellowship Director. We recommend that the Cardiac (or Multi-disciplinary) ICU Medical Director complete this survey.

A separate survey, "Cardiac ICU Faculty Survey" will be sent to all faculty who attend in your cardiac or multi-disciplinary ICU. Thank you for encouraging ALL of those faculty to complete this important "Cardiac ICU Faculty Survey".

For survey purposes, "Cardiac ICU" is defined as a unit physically and administratively separate from a Pediatric ICU and staffed separately. A "Multi-disciplinary ICU" is defined as one which cares for cardiac patients as well as those with other critical illness. Multi-disciplinary ICU will include those units where the teams are separate and/or cardiac patients cohorted.

[Click here to download and read the Workforce Survey IRB Information Cover Sheet](#)

[Attachment: "Workforce Survey InformationCover Sheet.pdf"]

1 (Please select all that apply) Are you one of the following: (1) Medical Director for a cardiac or multi-disciplinary ICU; (2) a Cardiology, Critical Care Medicine (CCM) or Cardiac ICU Division Chief or an Advanced Cardiac Intensive Care Fellowship Director?

- Medical Director for a cardiac or multi-disciplinary ICU
 Division Chief for Cardiology, Critical Care Medicine, or Cardiac ICU
 Advanced Cardiac Intensive Care Fellowship
 No

2 What setting best describes your primary site of practice?

- Academic, University-based
 Academic, Non-university based
 Private practice
 Other

Please specify other: _____

3 (Please select all that apply) Which of the following training pathways reflects your training for managing cardiac patients in the ICU?

- Pediatrics, Pediatric Critical Care Medicine (CCM), Advanced Cardiac Intensive Care Fellowship
 Pediatrics, Pediatric Cardiology, Advanced Cardiac Intensive Care Fellowship
 Pediatrics, Neonatology, Advanced Cardiac Intensive Care Fellowship
 Pediatrics, Neonatology, Cardiology
 Pediatrics, Dual Training (Pediatric CCM and Pediatric Cardiology Fellowships)
 Pediatrics, Pediatric CCM, No additional training
 Pediatrics, Pediatric Cardiology, No additional training
 Anesthesia, Pediatric Anesthesia/Critical Care
 General Surgery, Cardiothoracic Surgery, Pediatric Cardiothoracic Surgery
 Other or additional training

Please specify other: _____

4 (Please select all that apply) In which of the following fields did you achieve board certification? This refers to all original certification, not the first boards in which you became certified.

- Pediatrics
- Internal Medicine
- Anesthesia
- Pediatric CCM
- Pediatric Cardiology
- Neonatology
- General Surgery
- Cardiothoracic Surgery
- Pediatric Cardiothoracic Surgery
- Other
- Eligible but not certified in

Please specify other: _____

Eligible but not certified in _____

5 (Please select all that apply) In which of the following fields have you maintained board certification?

- Pediatrics
- Internal Medicine
- Anesthesia
- Pediatric CCM
- Pediatric Cardiology
- Neonatology
- General Surgery
- Cardiothoracic Surgery
- Pediatric Cardiothoracic Surgery
- Other

Please specify other: _____

6 In what year did you complete all of your formal specialty/subspecialty training _____

7 How many years have you been in practice as an attending physician (starting after completion of your last year of training)? Please answer to the nearest whole number. _____

8 Where are the majority of critically ill pediatric cardiac (surgical and medical) patients cared for in your hospital?

- Multi-disciplinary ICU or PICU
- Cardiac ICU
- Separate cardiac medical and cardiac surgical ICUs
- Other

Please specify other: _____

9 How many beds are in your cardiac (or multi-disciplinary) ICU? If your center has separate medical and surgical cardiac ICUs, please indicate total number of beds. Do not include neonatal ICU beds unless specifically a designated neonatal cardiac ICU.

-
- 10 Do you expect the number of beds in your cardiac (or multi-disciplinary) unit to expand over next 3-5 years? Yes
 No
-

If Yes, expect increase by how many # of beds

- 11 Does your center offer ACGME fellowships in pediatric cardiology or CCM? Yes, in pediatric cardiology
 Yes, in CCM
 No
-

- 12 Does your center offer an advanced fellowship in cardiac intensive care? Yes
 No
-

- 13 How many advanced cardiac intensive care fellowship positions do you offer each year?
- _____
-

- 14 How many of those advanced cardiac intensive care fellowship positions are typically filled each year?
- _____
-

- 15 Do you feel the number of advanced cardiac intensive care fellowship candidates has changed in the last 5 years?

- Yes less candidates
 Yes more candidates
 No
-

- 16 Do you feel the quality of advanced cardiac intensive care fellowship candidates has changed in the last 5 years?

- Yes less qualified candidates
 Yes more qualified candidates
 No
-

- 17 Do you anticipate increasing or decreasing the number of advanced cardiac intensive care fellowship positions at your program next 5 years?

- Increasing
 Decreasing
 No
-

If increasing by how many positions

If decreasing by how many positions

- 18 Do you anticipate creating an advanced fellowship in the next 5 years? Yes
 No
-

If yes, how many advanced positions do you plan to offer each year

19 (Please select all that apply) What is your primary motivation for increasing or creating an advanced fellowship?

- Creating a pipeline for future cardiac intensive care faculty hires
 Addressing a deficiency in skilled faculty in your program
 Training cardiac intensive care specialists to advance the subspecialty in general
 Programmatic advancement/ ability to attract categorical pediatric cardiology and pediatric critical care medicine fellows/ allow all training possibilities
 Other

Please specify other _____

20 How many advanced cardiac intensive care fellows have graduated from your program in the last 5 years?

21 How many graduates from your advanced cardiac intensive care fellowship have been hired into your own program as faculty in the last 5 years?

22 How many graduates from your advanced cardiac intensive care fellowship have taken positions in private practice or non-academic settings?

23 In the past 3 years, how difficult has it been for the advanced cardiac intensive care fellows from your program (those completing one year additional training after categorical fellowship) to find desirable faculty positions appropriate to their skills?

- Extremely Difficult; at least one went unhired in his/her intended field at the completion of his/her training
 Very Difficult; at least one had a significant unintended lapse between training and starting his/her first cardiac ICU faculty position
 Somewhat difficult; some reported difficulty getting the desired job, but had an appropriate job lined up prior to completion of training
 Somewhat Easy; all fellows had an appropriate offer at one of their desired locations prior to completion of training
 Very Easy; all fellows had many desirable offers to choose from

24 Do you feel that the ability for the advanced cardiac intensive care fellows from your program (those completing one year additional training after categorical fellowship) to find desirable faculty positions has changed in the last 5 years?

- Yes, easier to find desirable faculty positions
 Yes, harder to find desirable faculty positions
 No change in ability to find desirable faculty positions

25 Does your program support/train fellows for dual training in cardiology and critical care medicine (typically 5 years with 3 years in initial fellowship and 2 years in second fellowship, but may be integrated 5 years)?

- Yes
 No

How many fellows have completed a second categorical fellowship in your institution in the last 5 years?

-
- 26 In the past 3 years, how difficult has it been the dually trained fellows (those completing cardiology and critical care medicine fellowships) from your program to find desirable faculty positions appropriate to their skills and training upon completion of their fellowship program?
- Extremely Difficult; at least one went unhired in his/her intended field at the completion of his/her training
 - Very Difficult; at least one had a significant unintended lapse between training and starting his/her first cardiac ICU faculty position
 - Somewhat difficult; some reported difficulty getting the desired job, but had an appropriate job lined up prior to completion of training
 - Somewhat Easy; all fellows had an appropriate offer at one of their desired locations prior to completion of training
 - Very Easy; all fellows had many desirable offers to choose from
 - NA - There have not been dually trained fellows from my institution
-

- 27 Do you feel that the ability for the dually trained fellows from your program (those completing cardiology and critical care medicine fellowships) to find desirable faculty positions has changed in the last 5 years?
- Yes, easier to find desirable faculty positions
 - Yes, harder to find desirable faculty positions
 - No change in ability to find desirable faculty positions
 - NA - There have not been dually trained fellows from my institution
-

- 28 Putting aside all external or personal reasons that a fellow might choose a training pathway, as a faculty, do you advise/recommend that categorical fellows from your program interested in a career in cardiac intensive care seek one year advanced cardiac ICU training or a second fellowship for dual training?
- One year advanced cardiac ICU fellowship
 - Second fellowship to achieve dual training
 - No real preference-- Dependent on individual fellow's strengths/weaknesses
 - Other
-

Please specify other:

-
- 29 How many current faculty (answer as FTEs) attend (as primary attending) in your cardiac (or multi-disciplinary) ICU? (Skip if program doesn't calculate FTE)

-
- 30 Do you currently have open faculty positions in your cardiac (or multi-disciplinary) ICU? If you are in a mixed ICU, only report those open faculty positions that will be used to hire intensivists who will see cardiac patients.
- Yes
 No
-

If yes, how many?

-
- 31 Do you expect to have additional open faculty positions in your cardiac (or multi-disciplinary) ICU in the next 3 years? If you are in a multi-disciplinary ICU, only report those open faculty positions that will be used to hire intensivists who will see cardiac patients.
- Yes
 No
-

If yes, how many?

32 When compared to 5 years ago, how many additional faculty do you have currently in your cardiac or multi-disciplinary ICU? If you are in a multi-disciplinary ICU, only report the number of new faculty who see cardiac patients.

33 When compared to 10 years ago, how many additional faculty do you have currently in your cardiac or multi-disciplinary ICU? If you are in a multi-disciplinary ICU, only report the number of new faculty who see cardiac patients.

34 Has your program developed an independent cardiac ICU (separate from pediatric or multi-disciplinary ICU) in the last 10 years?

- Yes
 No, we currently have a multi-disciplinary ICU
 No, we already had a separate cardiac ICU

35 When hiring attending faculty for your cardiac (or multi-disciplinary) ICU, does your institution have a preference for a particular training background?

- Yes, prefer critical care medicine training (critical care medicine + 1 year or dual)
 Yes, prefer cardiology training (cardiology + 1 year or dual)
 Yes, prefer dual training
 No, no preference

36 If your institution has a preference for a particular training background, will you hire faculty outside that pathway if qualified?

- Yes, if they have additional desired qualifications or a niche or specific desired clinical or research skills
 Yes, but only if the job goes unfilled for a period of time
 No

37 How many daytime (typically 10-12h) shifts do you attend in the cardiac (or multi-disciplinary) ICU during the year?

38 Do you spend your clinical time in areas other than cardiac (or multi-disciplinary) ICU Yes
 No

(Please select all that apply) What areas other than cardiac (or multi-disciplinary) ICU do you spend your clinical time?

- OR (anesthesia)
 Inpatient acute care cardiology
 PICU or other non-cardiac pediatric ICU
 Neonatal ICU
 Outpatient cardiology, general clinic
 Outpatient cardiology, subspecialty clinic (single ventricle, PH, heart failure, cardiac neurodevelopmental program etc)
 Cardiology consult service
 Sedation service
 Heart Failure
 CT Surgery
 Other

Please specify other: _____

39 Does your cardiac (or multi-disciplinary) ICU have routine (scheduled) attending faculty on-call in-house at night?

- Yes, all nights (7 days/week)
 Yes, on weeknights only
 No (i.e., call is usually taken from home, but attendings occasionally stay in the hospital due to patient acuity and/or trainee inexperience)

40 What format is provided for the in-house faculty on-call at night?

- Night Call (typically just one night)
 Night shift / nighttime block of service (more than one night in a row)
 Other

Please specify other: _____

How many nights in a row does an individual faculty attend? _____

41 If you have in-house faculty at night, do you have a defined upper age limit to either end or reduce night call or night service commitments?

- Yes
 No
 Other

Please specify other: _____

(Select all that apply) The defined upper age limit is used for?

- A reduction in night call/ service
 An end to night call/ service

Age at reduction _____

Age at end _____

42 Do you take weeknight (Mon-Thurs) night call during your daytime cardiac (or multi-disciplinary) ICU service week? Yes No

How often do you take weeknight (Mon-Thurs) night call during your daytime cardiac (or multi-disciplinary) ICU service week?

- Frequently Occasionally (eg holiday schedule, other faculty out of town) Infrequently

43 During a typical/average week (7 days) on cardiac or multi-disciplinary ICU service, how many hours do you work (including all clinical, academic, educational and administrative work)? Include after-hours administrative or charting activity and night call/service when in house.

44 During a typical/average week (7 days) NOT on cardiac or multi-disciplinary ICU service, how many hours do you work (including all clinical, academic, educational and administrative work)? Include after-hours administrative or charting activity and night call/service when in house.

45 How many weeks of cardiac (or multi-disciplinary) ICU service is considered 1 clinical FTE in your cardiac ICU? Assume no other salary-supported administrative role, extramural funding that includes salary support, or other clinical activities

(Skip if FTE is not formally defined at your program)

46 Is night call or nighttime service included in those FTE calculations Yes
 No

47 How many nights a year (on average) do you take night call or nighttime service?

48 If you take in-house night call or nighttime service, do you receive additional compensation for those nights (above your base salary)? Yes
 No

How is additional compensation given?

- Additional compensation is given for each night call or night of service
- Additional compensation is given only if additional nights are worked above a set number
- A fixed additional compensation is given above base salary
- Other

Please specify other: _____

NOTE: The following questions will be anonymous and will not be linked to any identifiable information:

49 Do you expect to retire in next 3-5 years? Yes
 No

50 Do you expect to decrease your clinical time in the cardiac (or multi-disciplinary) ICU for other reasons (administrative, research/academics, other clinical duties or transition to other clinical areas, industry/other positions, etc) in next 3-5 years? Yes
 No

If so, decrease by how many weeks? _____

51 If you expect to decrease your clinical time in the cardiac (or multi-disciplinary) ICU, what is the primary reason for decreasing service time?

- Increasing administrative duties/leadership
- Increasing Research/Academic time
- Other clinical duties/transition to other clinical areas
- Industry positions or other work outside medicine
- Stress/Burnout/Psychological Impact
- Physical/Medical Reasons
- Family Needs
- Decline to answer
- Other

Please specify other: _____

52 Does your hospital have resources for physician wellness to mitigate burnout/enhance resilience? Yes
 No

(Please select all that apply) What type of wellness services are provided?

- Counseling or coaching services
- On-site gym/fitness
- Other

Please specify other: _____

Have you utilized any wellness services Yes
 No

53 Have you been diagnosed with any chronic health conditions since becoming a cardiac (or multi-disciplinary) ICU attending physician? Yes
 No
 Decline to answer

If yes, please select all that apply.

- Anxiety/Stress/Mood disorder (including depression)
- Hypertension
- Metabolic Disease (including metabolic syndrome, diabetes, or obesity)
- Heart Disease
- Autoimmune Disease
- Other

Please specify other: _____

54 Have you experienced any of the following on a regular basis, since becoming a cardiac (or multi-disciplinary) ICU attending physician? Please select all that apply.

- Poor eating habits
- Significant weight gain
- Infrequent Exercise
- Lack of self-care (including routine well visits to physician, dental visits, etc.)
- Insufficient family or self time affecting home life
- Struggles with personal relationships

Specialized training and board certification questions:

- | | Yes | No |
|---|-----------------------|-----------------------|
| 55 Would you favor ACGME accreditation for advanced fellowship training in pediatric cardiac critical care? | <input type="radio"/> | <input type="radio"/> |
| 56 Would you favor American Board of Pediatrics (ABP) certification in pediatric cardiac critical care? | <input type="radio"/> | <input type="radio"/> |
| 57 If you had the option to test in for ABP certification in pediatric cardiac critical care, would you sit for the exam? | <input type="radio"/> | <input type="radio"/> |
| 58 If you had the option to maintain your pediatric critical care medicine or cardiology sub-boards by receiving questions more applicable to pediatric cardiac critical care, would you choose to do so? | <input type="radio"/> | <input type="radio"/> |

Burnout questions (the following questions will be anonymous and will not be linked to any identifiable information):

- | | Yes | No |
|--|-----------------------|-----------------------|
| 59 During the past month, have you felt burned out from work? | <input type="radio"/> | <input type="radio"/> |
| 60 During the past month, have you had to do work on the weekends to "catch up" or complete things? | <input type="radio"/> | <input type="radio"/> |
| 61 During the past month, have you worried that your work is hardening you emotionally? | <input type="radio"/> | <input type="radio"/> |
| 62 During the past month, have you often been bothered by feeling down, depressed, or hopeless? | <input type="radio"/> | <input type="radio"/> |
| 63 During the past month, have you fallen asleep while sitting inactive in a public place? | <input type="radio"/> | <input type="radio"/> |
| 64 During the past month, have you felt that all things you had to do were piling up so high that you could not overcome them? | <input type="radio"/> | <input type="radio"/> |
| 65 During the past month, have you been bothered by emotional problems (such as feeling anxious, depressed, or irritable)? | <input type="radio"/> | <input type="radio"/> |
| 66 During the past month, has your physical health interfered with your ability to do your daily work at home and/or away from home? | <input type="radio"/> | <input type="radio"/> |

For the following 2 questions, please rate how much you agree with the following statements on the 7-point Likert scale:

	Very Strongly Disagree	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree	Very Strongly Agree
67 The work I do is meaningful to me	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
68 My work schedule leaves me enough time for my personal/family life	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Demographics questions:

- 69 What is your gender
- Male
 - Female
 - Other
 - Decline to answer

Please specify other:

- 70 Are you of Hispanic or Latino origin?
- Yes
 - No

- 71 What is your race?
- African American/Black
 - American Indian or Alaska Native
 - Asian
 - Caucasian/White
 - Native Hawaiian or Other Pacific Islander
 - Mixed Race
 - Other
 - Decline to answer

Please specify other:

- 72 What is your age?
