

Factors associated with the availability of iodized salt at household level: A case study in Bangladesh

Model adequacy

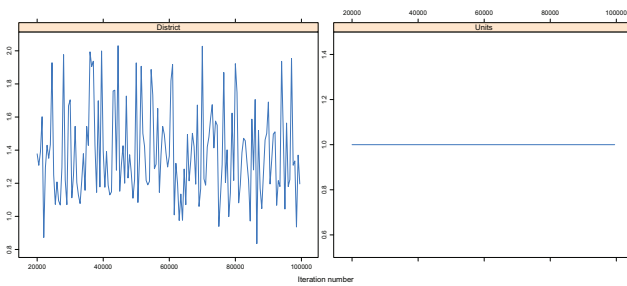

(a) Trace plot

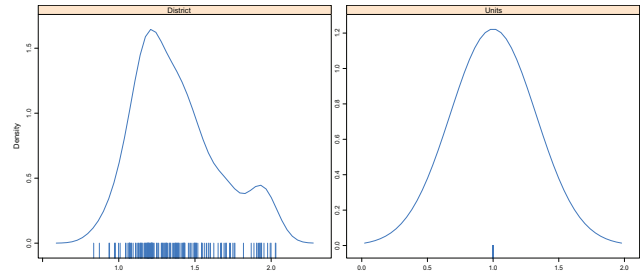

(b) Density plot

Supplemental Fig. 1: Trace plots and density plots for the coefficients from the posterior distribution (district)

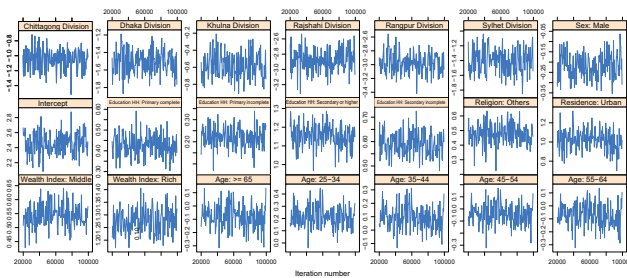

(a) Trace plot

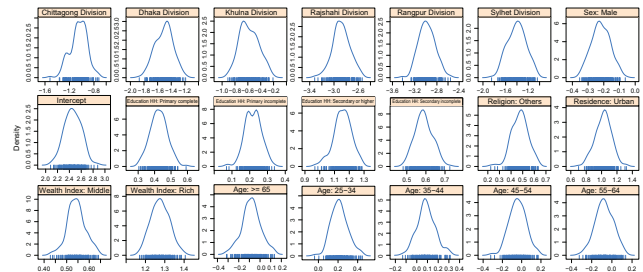

(b) Density plot

Supplemental Fig. 2: Trace and density plots for the random effect (district) from the posterior distribution

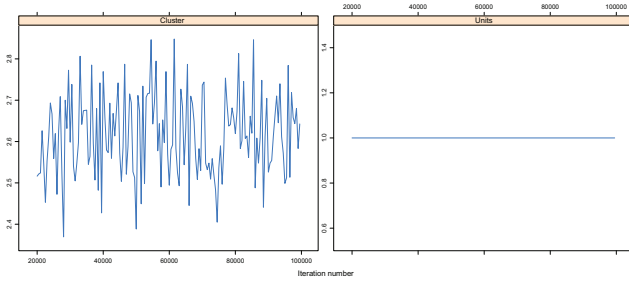

(a) Trace plot

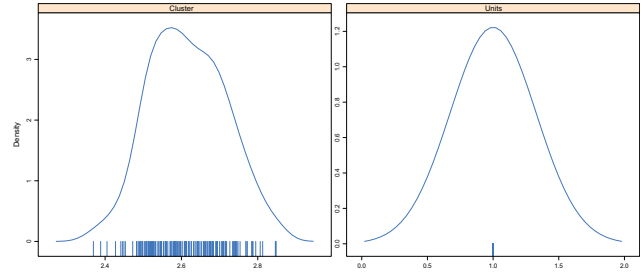

(b) Density plot

Supplemental Fig. 3: Trace plots and density plots for the coefficients from the posterior distribution (cluster)

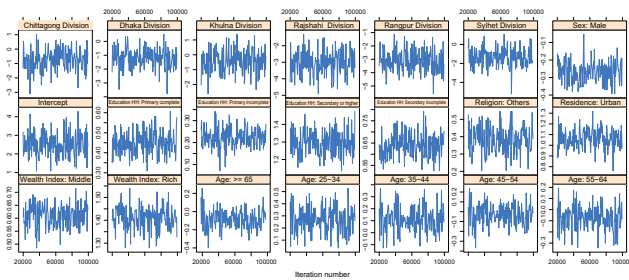

(a) Trace plot

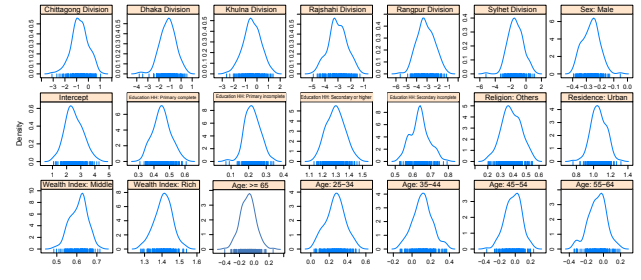

(b) Density plot

Supplemental Fig. 4: Trace and density plots for the random effect (cluster) from the posterior distribution

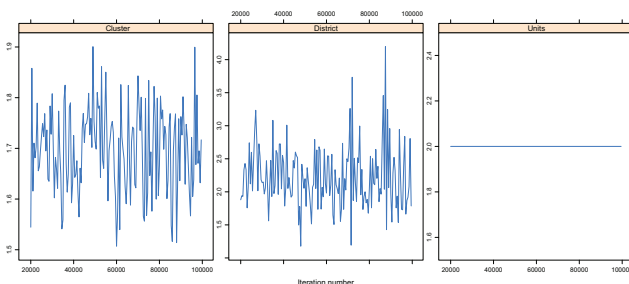

(a) Trace plot

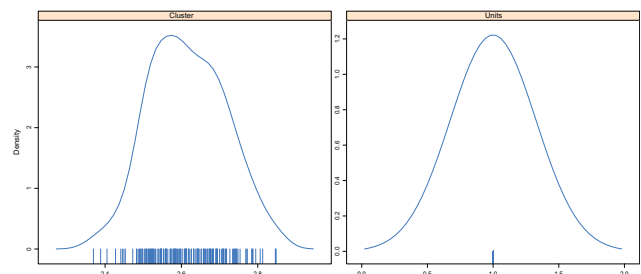

(b) Density plot

Supplemental Fig. 5: Trace plots and density plots for the coefficients from the posterior distribution (cluster and district)

(a) Trace plot

(b) Density plot

Supplemental Fig. 6: Trace and density plots for the random effect (cluster and district) from the posterior distribution
