Importing the COMPASS Stakeholder Engagement Tracker into REDCap

- 1. Log in to your institution's REDCap
- 2. If applicable for your institution, select either an Internal or External Project

REDCap Internal (0)	REDCap External (46)		
Project Title		Users (Inactive / Total)	Status

- 3. Create a new project or open the existing project you would like to add the library
- 4. If creating a new project, select "Create an empty project (blank slate)"

Project Title	
Brief Description	
What is the purpose of this	s project?
Select	Ŧ

Start project from scratch or begin with a template?

- Use a template (choose one below)
- Create an empty project (blank slate)

Are you working with external collaborators who need access to this project? (please note that you can import/export data with REDCap so external collaborators may not need direct access to REDCap)

 Select...

5. Navigate to the "Project Setup" page

6. Click on the "REDCap Shared Library" button under "Design your data collection instruments"

7. You will then be directed to the REDCap Shared Library

REDCap Shared Library

The REDCap Shared Library is a repository for REDCap data collection instruments and forms that can be downloaded and used by researchers at REDCap partner institutions. Curated instruments highlighted with a star ★ have been approved for inclusion by the REDCap Library Oversight Committee (REDLOC) after review for research relevance, accuracy in function and coding (see guidelines), and copyright issues. Other instruments and forms are shared by individuals or groups from consortium institutions on "as-is" basis.

You may search below for any available data collection instruments. If you got to this site directly, you will be able to view the shared instruments as they would appear in REDCap or view a PDF version that can be downloaded and/or printed. Otherwise, if you arrived here from the REDCap application, you will have the additional option of importing the form directly into REDCap. If you wish, you may <u>download a list of all library instruments</u> in Excel/CSV format. If you download and utilize an instrument from the REDCap Shared Library, please <u>cite the RSL manuscript</u>. If you have questions or are experiencing issues, please contact <u>redcap@vumc.org</u>.

13. You will then be taken back into your REDCap Project. Click "Add" to start the import process.

Importing instrument from the REDCap Shared Library
You have chosen to load a data collection instrument from the REDCap Shared Library. Please provide a name for your instrument and click the <i>Add</i> button to complete the import process, after which the instrument will be added to this REDCap project.
Add the imported instrument with the name Coding and Notes
If you do NOT wish to import the instrument, you may return back to the <u>REDCap Shared Library</u> .
Cancel

- 14. Repeat steps five (5) through thirteen (13) to add all seven (7) instrument in your project.
- 15. The order of the instruments in your project should be:
 - 1. Stakeholder Input Requested/Reported
 - 2. Stakeholder Invited
 - 3. Stakeholder Input
 - 4. Stakeholder Involved
 - 5. Stakeholder Input Incorporated
 - 6. Stakeholder Informed
 - 7. Coding and Notes
