### **Welcome to the Santa Clara Community Heritage Survey!**

We at the Santa Clara University Community Heritage Lab are conducting this survey to help us understand how people in the region view the historical and archaeological heritage of the City of Santa Clara and Santa Clara University. Your responses will be used to identify research topics that we can address in future collaborations with members of the community.

If you would be interested in participating, please click the button below. No information will be recorded until after you have read this next page and agreed to participate. You must be 18 years of age or older to complete the survey.

### **Block 1**

This survey will take approximately 5 to 10 minutes to complete. There are 13 questions. The first nine focus on Santa Clara's historical and archaeological heritage. The final four are basic demographic questions about you.

We do not anticipate any risks to participants in taking this survey. Your participation is voluntary and your responses will be kept confidential. We do not collect any personally identifying information such as your name, email address, or IP address.
